

## USA PATRIOT Act Notice

On October 26, 2001, President George W. Bush signed into law the USA PATRIOT Act. This act was established to protect you, your family and our Country from terrorism by preventing the financing of terrorist organizations.

One section of that act (section 326) requires DeMotte State Bank to verify the identity of all new customers and to verify the identity of non-customers added as signatories on accounts. In addition to verifying identification, in some cases, DSB must also keep copies of the documents used to verify your identity. Any copies of documents used to verify identity will be secured in compliance with the [DeMotte State Bank Privacy Policy](#). If you are an existing customer, DSB may also need to verify and retain copies of any documents used to verify identity when you request a new account or service.
